Anticipate Some Major Upgrades

We're just 5 weeks away from the launch of our Millennium Ultra version 3.0. With this major upgrade, you can expect to get many new features to enhance your Millennium Access Control System.

Here's #6 Feature to expect

More Cardholder Functionalities Included

Millennium Ultra will feature the added possibility to disable fields for the Cardholder page. Now, the operator will have the ability to turn off the "Visibility" checkbox with "Operator-Defined fields" page and the field will be disabled

More to come.....
