

HOW THE CLOUD-HOSTED SYSTEM LEADS TO A 30% COST SAVINGS*

Cloud-hosted access control comes without the associated hardware and server maintenance costs of traditional on-site server systems.

How you save money

- Elimination of on-site servers means you save on installation costs/hours
- Fewer on-site service troubleshooting trips
- Recurring subscription revenue MAKES you more money. **Cha-ching!!!**

How your customers save money

- No costs associated with on-site hardware
- Only paying for the number of doors needed
- No software licensing fees
- Affordable monthly recurring subscription
- Reduction in maintenance related costs

Need more reasons to get cloud-hosted access control?
